*Personal Statement*

---

- Instructions:**
- Limit your response to 150 words per question.
  - All responses must be typed on this form.
  - Attention will be paid to spelling, syntax, and grammar.

Discuss your personal and/or work-related experiences, in the past and at the present time, which are related to underserved, diverse populations and the reduction of health disparities in your community.

How will your future practice contribute to the community you plan to serve, give examples of the services you plan to provide, the populations you plan to care for, and the outcomes you hope to achieve. Be specific.
